

The Twist Tail™ cable tie is easy and quickly mounted on cables and conductors without any special tool and hence prevents injuries.

- Economic and safe cable tie

Product description

Application range

- Industrial cable ties for quick and secure assembly
- General purpose applications, indoors and outdoors

Benefits

- Wrap the cable tie around a bundle of cables, bend the excess tail in two directions and twist
- Quick and easy to install, no tool required
- Safe, tail breaks off neat and clean, with no sharp edge
- Minimal risk of injury for users

Design

- Available in 3 different lengths and 2 colours (white and UV-resistant black)

Norm references / Approvals

- File number: E49405
- Fire behaviour according to UL 94V-2

Technical Data

General

Tensile strength: 130 N

Material

Width: 4,7 mm

Polyamide 6.6

Temperature range

Halogen-free and silicone-free

-40°C to +85°C
