

The TY - FAST® cable tie made of PA 6.6 is the standard cable tie for many applications. The black cable ties are UV-resistant. It is fulfilling several approvals.

Product description

Application range

- Cable ties for industrial applications

Benefits

- The integrally formed Polyamide pawl combines low insertion and high locking strength
- Sure Grip tab keeps the tail from popping out while being threaded, then holds it securely for final tightening by hand or tool

Norm references / Approvals

- File number: E49405, see table
- Fire behaviour according to UL 94V-2
