

The TY- RAP® cable tie with steel nose have improved tensile strengths. The high quality cable tie is also UL listed.

Product description

Application range

- Good quality cable ties with steel blade

Benefits

- Steel nose ensures secure and durable binding
- High strength is constant even under harsh conditions: extreme temperature ranges, humidity and extreme cold
- Lock is also resistant to shocks and vibrations

Norm references / Approvals

- File number: E49405, see table
- Fire behaviour according to UL 94V-2

Product features

- The steel blade is fixed to the tie head and is made from corrosion-resistant, anti-magnetic steel (type 316)

Included

- TY-X: Packed in a recyclable plastic bag
- Items provided with the add-in "B" (e.g. TYB 24 M) are supplied in a handy workbox, where the cable ties are arranged properly
