

AS-I clip clamp fastening element for AS-Interface cables

Product description

Application range

- Fastening elements for cables and conductors
- For use with UNITRONIC® AS-Interface bus cables

Benefits

- AS-i clip clamp: Conical shape of the receptacle in the socket ensures that the cable is firmly secured, releasable closure
- AS-I end seal:
 - Easy to assemble
 - Can be used on both sides
 - Compact dimensions save space
 - Cost-effective method of sealing AS-Interface cables
- The high-grade acrylate adhesive allows quick mounting and the socket can be immediately stressed, can also be secured using a screw

Technical Data

AS-I clip clamp / AS-I end sealing

Note	Adhesive: acrylic with lining made of PUR foam
Material	AS-i clip clamp: Polyamid 6.6 - halogen-free AS-I end seal: TPE (colour: black)
Temperature range	AS-i clip clamp: -40 °C to +80 °C AS-I end seal: -40 °C to +110 °C
