

TC aluminium screw socket for fastening cable ties, made of aluminium, heat resistant fastening element

Product description

Application range

- Fastening elements for cable ties

Benefits

- Excellent in matching contours
- Low height and low weight
- Heat-resistant
- Non-aging

Included

- Delivered without screws

Technical Data

TC aluminium screw socket

Material	Aluminium (3003, ASTM B-209)
Temperature range	-100°C to +450°C
