

PEW 8.185 Crimping tool/pliers for pressing insulated conductor end sleeves with a square crimping, made in Germany, quick and reliable

Product description

Application range

- For pressing insulated and non-insulated conductor end sleeves
- Cross-section range from 0.08 - 16 mm² with square pressing

Benefits

- Improved versions of the predecessors PEW 8.84/MULTICIRMP 6:
 - Expanded capacity
 - Average hand force reduced by approx. 20 % compared to previous model
 - Reduced opening width and improved ergonomics
 - High-precision die geometry leads to a clearly defined crimp shape of the ferrule
- Uniform feed on the crimp die guarantees exact crimping profiles
- DIN compliant crimping quality due to integral lock (self-releasing mechanism)
- Automatic self-adjustment to requested wire size

Product features

- Made of chromium-plated tool steel
- Made in Germany
