

Tube cable lugs KRFN, also for fine wire copper conductors, class 2 and 5, easy to mount through cable glands

Product description

Application range

- Narrow tube cable lugs for stranded and flexible CU-conductors 50-240 mm², suitable for class 2 and class 5
- Adapted for narrow spaces

Benefits

- Can be installed via cable glands, allowing pre-assembly
- High-quality electrolytic copper ensures a good crimping quality
- With inspection hole

Norm references / Approvals

- In combination with recommended crimp tool fulfill requirements of SS-EN 61238-1, BS 4579:1, VDE 0220:1, EN-IEC 61238:1

Technical Data

Material

Tinned electrolyte copper

Tube cable lugs KRFN

Temperature range

Temperature range up to +90°C
Working temperature: 110°C, max. +140°C
