

Electromechanical tool with Li-Ion battery; Dependable, reliable, low maintenance; Precise tap positioning of contacts; Quickstop, no overcrimping; Process monitoring on multifunction display:

- Battery charge level
- Service interval display- Overheating/overload warning

Product description

Application range

- Compatible with all crimp dies for the PEW 12 hand crimping tool
- Crimping of ferrules up to 50 mm²
- Compatible with all locators, wire stops etc. for the PEW 12 hand crimping tool
- Manifold applications in the cable assembly

Benefits

- Electromechanical tool with Li-Ion battery
- Dependable, reliable, low maintenance
- Precise tap positioning of contacts
- Quickstop, no overcrimping
- Process monitoring on multifunction display:
 - Battery charge level
 - Service interval display- Overheating/overload warning

Included

- Supplied in plastic case (500 x 420 x 125 mm)
- Tool without crimping dies and locators
- Battery and battery recharger

EPEW 12 universal tool

-
- Socket wrench
