

Cutting tool/cable shears for conductors up to an outer diameter of 20 mm, ergonomic design allows optimal results due to relaxed working

Product description

Application range

- Cuts copper and aluminium cables with up to 20 mm outer diameter
- Cutting with precision grinding

Benefits

- Adjustable screw-joint
- Easy and clean cut by using only one hand
- Less force required due to favourable transmission ratio and new blade geometry

Product features

- Material: special tool steel, forged, burnished head
- Pre- and after-cut (1st and 2nd blade) allows cables with an outer diameter up to 20 mm to be cut
- Not suitable for steel wire and hard-drawn copper conductors
