

Cutting tools/cable shears for small fine-wire conductors up to an outer diameter of 11 mm, Semi-circular cutting edges prevent cable from being deformed

## Product description

### Application range

- For cutting single cores and fine-wire stranded cables up to max. outer diameter 11 mm

### Benefits

- The semi-circular cutting edges surround the cables uniformly and prevent the cable from being pinched or deformed

### Product Make-up

- Semi-circular cutting edges made of stainless steel

### Included

- Equipment: safety-locking bar, compression spring to keep them open, and plastic handles
