

Stripping and dismantling tool for signal, telephone, AV, control and data transmission cables made of copper or glass fibres, durable, user-friendly

Product description

Application range

- Precision stripping tool for stripping signal, telephone, AV, control and data transmission cables made up of copper and glass fibres.

Benefits

- Precise due to 9 adjustable positions on the setting wheel
- User-friendly: open the stripping shaft by simply pressing the tool together, and insert the cable. Turn the tool, remove the insulation and pull the cut-off cable sheathing from the tool
- Flexible: strips most multi-core cables and glass-fibre cables with a diameter of up to 11 mm
- Tested for a minimum of 50.000 insulation processes

Note

- The "x" position on the wheel enables the tool to close so that the attached blade cartridge can be ejected and replaced with a new one quickly and safely
