

Self-adjusting stripping tool with changeable cartridges/stripping knives, flexible, ergonomic design, reliable, also for Teflon/PTFE cables

Product description

Application range

- Ergonomical, portable and lightweight tool that is also suitable for production and local use
- Easy to change stripping cassettes enable precise stripping of different insulation materials (e.g. PVC/PTFE) and diameters with a single tool
- Self-adjusting cutting and stripping tool for commercially available cables and conductors (90 % of all applications can be stripped without setting the tool manually)

Benefits

- Reliable: tested for more than 150.000 stripping operations
- Flexible: easily interchangeable stripping cartridges. Largest possible stripping capacity of all tools of this type
- Precise adjustable positions ensure that insulation(including those with small dimensions) can be removed without damaging the conductors
- Ergonomic design: attractive, soft handle, optimised grip-width, angled-head, lightweight; ensuring convenience and ease of use
- Economical: spare stripping cartridges and blades available

Product features

- No MTW single wires 16.00 mm² can be machined

Technical Data

General
Weight
Info

Length

Stripping range: 0.02 - 16.0 mm²

136 g

Cutting capacity:

Solid cables - 1.5 mm²

Flexible conductors - up to 10 mm²

Overall dimensions: L x H x W = 191 x 123 x 20 mm
