

The yellow-green PROTECT GN/YE shrink tube can be used for marking earthing connections and cables. The shrinking ratio is 2:1.

Product description

Application range

- For identifying and marking earthing connectors and cables
- Mechanical and electrical insulation, corrosion protection

Benefits

- Very flexible, UL 224 flame retardant thin-walled heat shrink tubing with excellent physical and mechanical properties
- Approved for the use in North America and Canada

Design

- Green-yellow polyolefin shrink-tubing

Note

- Non halogen-free

Included

- Plastic bag with 1.22 m units
