

TEB branch muffs with adhesive coating inside can be used for insulating and sealing of cable splices.

Product description

Application range

- Insulation and sealing of cable splices

Benefits

- Secure sealing through thermoplastic adhesive coating on the inside
- Good resistance to chemicals and solvents
- Ensures high tensile strength and mechanical protection

Design

- Double-walled

Technical Data

TEB branch muff

General	UV-resistant
Info	Shrinking ratio: > 2:1
Colour delivered	Black
Material	Cross-linked modified polyolefin, with thermoplastic adhesive coating inside
	Halogen-free and silicone-free
Temperature range	-55°C to +100 °C
	Shrinking temperature: +120°C
