

Insulating tube ISY made of PVC for bundling and insulating cables.

## Product description

### Application range

- Insulating tube
- For insulation of connections

### Design

- Colours: black RAL 9005, white similar to RAL 9003

### Norm references / Approvals

- IEC 60684-3-100

### Note

- Not suitable for shrinking
- 0.1 mm wall thickness = 1 kv dielectric strength

### Product features

- Smooth surface

## Technical Data

Info	Without fabric
Colour delivered	Black and white
Material	Soft PVC
Temperature range	-20 °C ... +85 °C
