PROFIBUS Cable: M12 connector on M12 socket

Robust, ready-to-use PROFIBUS M12 (B-coded) cable with PUR (halogen-free) outer sheath for flexible use (drag chain). Shielded version.

• PROFIBUS data network cable, ready for connection

Product description

Application range

- Automation technology
- · Mechanical engineering
- · Plant engineering
- Tool shop
- Automotive industry

Benefits

- Inexpensive and efficient wiring for PROFIBUS installations
- Space-saving due to compact dimensions
- · Fast and easy error tracking
- Standardised interfaces

PROFIBUS Cable: M12 connector on M12 socket

Product Make-up

· Fixed flexible control cable

Design: 19 x 0.13 mmCore colours: red, green

Outer sheath: PUR, halogen-free, screenedOuter sheath colour: violet RAL 4001

• Shielding is conducted over the knurl

Product features

• 2-pole PROFIBUS cable, shielded

• 5-pin connector, M12 B-coded (inverse) with quick locking system

• Design: plug to socket

• The cables have marker carriers

• Suitable for drag chains
