

Passive distribution boxes with M12 slots and master cable connection for individual cable lengths in a fully sealed housing for a structured wiring of sensors and actuators

- For individual master cable assembly

## Product description

### Application range

- Automation technology
- Mechanical engineering
- Plant engineering
- Tool shop
- Automotive industry

### Benefits

- Inexpensive and efficient wiring of sensors and actuators
- Instead of numerous individual conductors, one master cable is laid to the control unit
- The detachable screw connection ensures universal pluggability and simple on-site assembly

### Product features

- With detachable screw connection
- Single or double-occupied sensor/actuator box
- With M12 quick-locking system, metal thread
- With LED diagnostic indicator

- Free of paint-wetting impairment substances

## Technical Data

Protection rating	IP65/IP67/IP69K
Max. current rating per path	2:00 AM
Current rating per slot	4:00 AM
Ambient temperature (operation)	-30°C to +80°C
