

Circular connectors for Servo Cables and encoders

Housings are very flexible - cable connectors with wide clamping range, receptacle housings for assembling the inserts from the front and rear; Permanent vibration protection

- Rotateable with clearly defined adjustment positions

Product description

Application range

- Plant engineering
- Servo drives and servo assemblies
- Measurement and control technology

Benefits

- Housings are very flexible - cable connectors with wide clamping range, receptacle housings for assembling the inserts from the front and rear
- Permanent vibration protection

Technical Data

EPIC® M23 A3

Material	Housing: nickel-plated zinc die-casting
Protection rating	Sealing: FPM
Temperature range	IP 65
VDE-tested	-25°C ... +125°C
	Certified production control: VDE-REG. no. C24
	(according to EN 61984, SELV according to DIN VDE 0100-410 has to be guaranteed)
	UL File Number: E249137
