

## Circular connectors for Servo Cables and encoders

Defined stop position when mounting at device prevents uncontrolled pressing of sealing; Harnessed insulation body can easily inserted from back side in already mounted housing

- Housing for mounting at inner side to save space outside of device

## Product description

### Application range

- Plant engineering
- Servo drives and servo assemblies
- Measurement and control technology

### Benefits

- Defined stop position when mounting at device prevents uncontrolled pressing of sealing
- Harnessed insulation body can easily inserted from back side in already mounted housing

## Technical Data

---

Material	Housing: nickel-plated zinc die-casting
Protection rating	Sealing: FPM
Temperature range	IP68 (10h / 1m)
VDE-tested	-25°C ... +125°C
	Certified production control: VDE-REG. no. C24
	(according to EN 61984, SELV according to DIN VDE
	0100-410 has to be guaranteed)
	UL File Number: E249137
