

## Circular connectors for Servo Cables and encoders

Quick and easy separation of connection from both sides of a wall; For connecting two pre-assembled M23 D6 cable connectors

## Product description

### Application range

- Plant engineering
- Measurement and control technology

### Benefits

- Quick and easy separation of connection from both sides of a wall
- For connecting two pre-assembled M23 D6 cable connectors

## Technical Data

Material

Housing: nickel-plated copper alloy  
Insert: thermoplastic

Protection rating  
Temperature range

Sealing: neoprene  
IP 67  
-25°C ... +125°C
