

**These connectors are attractive because of their compact housing.**

Small and compact, for applications with high number of contacts

- Compact, robust metal housings size H-A 16

## Product description

### Application range

- Machine and equipment manufacturing
- Control engineering
- Electronic laboratory

### Benefits

- Small and compact, for applications with high number of contacts

### Product features

- Hood, low version
- Bolts for single lever
- Straight cable entry
- Versions with / without neck

## Technical Data

Material

Housing: powder-coated aluminium alloy, grey

Sealing: NBR

Protection rating

IP 65 (latched)

Temperature range

-40°C to +100°C, short-term up to +125°C
