

## Housing design H-B for 2 inserts.

Two inserts in one housing. With two levers for high safety

## Product description

### Application range

- Plant engineering
- Control engineering
- Plastics industry

### Benefits

- Two inserts in one housing. With two levers for high safety

### Product features

- Panel-mount base
- Dual levers
- Included: flat gasket

## Technical Data

Material

Housing: powder-coated aluminium alloy, grey

Protection rating  
Temperature range

Lever: zinc-plated steel  
Sealing: NBR  
IP 65 (latched)  
-40°C to +100°C, short-term up to +125°C
