

The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.

The mix of different functions in one plug guarantees high flexibility; Assembly of individual connectors, suitable for different applications

- Dummy module as a placeholder for future expansion

Product description

Application range

- Plant engineering
- Printing machines
- Control engineering

Benefits

- The mix of different functions in one plug guarantees high flexibility
- Assembly of individual connectors, suitable for different applications

Technical Data

Temperature range

-40°C to +100°C, short-term up to +125°C
