

The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.

The mix of different functions in one plug guarantees high flexibility; Assembly of individual connectors, suitable for different applications

• Power and signal modules can be used together in one housing

Product description

Application range

- Plant engineering
- Light & sound technology
- Control engineering

Benefits

- The mix of different functions in one plug guarantees high flexibility
- · Assembly of individual connectors, suitable for different applications
