### **EPIC® Power Module HC2**

# The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.

High current transfer; Only one slot needed in the frame; The mix of different functions in one plug guarantees high flexibility; Crimp connection for permanent vibration proof contact

- High current with only one module slot
- Versatile functions in one connector

## **Product description**

#### **Application range**

- Plant engineering
- Robotics industry
- Control engineering
- Mechanical engineering

#### **Benefits**

- High current transfer
- Only one slot needed in the frame
- The mix of different functions in one plug guarantees high flexibility
- Crimp connection for permanent vibration proof contact

## **Technical Data**

Rated voltage (V) Rated impulse voltage Rated current (A) Number of contacts Termination methods Material Cycle of mechanical operation Temperature range Degree of soiling 1000 V 8 kV 65 2 Crimp termination: 16.0 mm<sup>2</sup> PA6 500 -40°C ... +125°C 3
