### **EPIC® Power Module HHC1**

# The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.

Extremely high current transfer; The mix of different functions in one plug guarantees high flexibility; Crimp connection for permanent vibration proof contact

- Extremely high current for sufficient power reserves
- Versatile functions in one connector

## **Product description**

#### **Application range**

- · Robotics industry
- Renewable energy
- Plant engineering
- Mechanical engineering

#### **Benefits**

- Extremely high current transfer
- The mix of different functions in one plug guarantees high flexibility
- Crimp connection for permanent vibration proof contact

# **Technical Data**

Rated voltage (V) Rated impulse voltage Rated current (A) Number of contacts Termination methods Material Cycle of mechanical operation Temperature range Degree of soiling 1000 8 kV 220 1 Crimp termination: 50 mm<sup>2</sup> ... 95mm<sup>2</sup> PA6 500 -40°C ... +125°C 3
