

The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.

The mix of different functions in one plug guarantees high flexibility; Assembly of individual connectors, suitable for different applications

- Frame system for modules
- Various functions can be used together in one connector

Product description

Benefits

- The mix of different functions in one plug guarantees high flexibility
- Assembly of individual connectors, suitable for different applications

Product features

- The MCR "male" frame version is designed for use with modules with male contacts; the "female" version is designed for use with modules with female contacts

Technical Data
