

**The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.**

The mix of different functions in one plug guarantees high flexibility; Assembly of individual connectors, suitable for different applications

- Frame system for modules
- Various functions can be used together in one connector

## Product description

### Benefits

- The mix of different functions in one plug guarantees high flexibility
- Assembly of individual connectors, suitable for different applications

### Product features

- The MCR "male" frame version is designed for use with modules with male contacts; the "female" version is designed for use with modules with female contacts

## Technical Data
