

The proven STA inserts for screw termination and solder termination.

STA inserts - proven by the strong contact springs; The proven STA inserts for screw termination and solder termination.

Product description

Application range

- Control systems
- Rack technology
- Electronic laboratory

Benefits

- STA inserts - proven by the strong contact springs.
- The proven STA inserts for screw termination and solder termination.

Technical Data

Rated voltage (V)

IEC: 24 V AC, 60 V DC

EPIC® STA 20 Solder termination

Rated current (A)	UL: 48 V CSA: 48 V IEC: 7 A UL: 7 A CSA: 7 A
Contact resistance	< 3 mOhm
Contacts	Copper alloy, tinned
Number of contacts	20
Termination methods	Solder termination: up to 1.5 mm²
Cycle of mechanical operation	100
Temperature range	-40°C ... +80°C
Degree of soiling	2
