

## Pre-assembled solar cables for weatherproof cabling of photovoltaic systems

Cost-efficient plastic junction box; Factory assembled and tested; Traceability of every junction box ensured by barcode

- Plastic junction box for ambient resistant cabling and connecting of photovoltaic systems

## Product description

### Application range

- Photovoltaic plants

### Benefits

- Cost-efficient plastic junction box
- Factory assembled and tested
- Traceability of every junction box ensured by barcode

### Product features

- Robust junction box for cabling of photovoltaic modules
- Version with 3 diodes for three-string modules
- PTFE membrane equalize the pressure balance and enables humidity to stay out of the junction box

- Assembled with EPIC® SOLAR 4 THIN and ÖLFLEX® SOLAR cable 4mm²
- By identical design, the AL008 and the PL008 junction box can be easily changed in production

## Technical Data

Rated voltage (V)	1000 V
Rated current (A)	11:00 AM
Protection rating	IP 67
Protection class	II
Temperature range	-40°C ... +105°C
