

SP Metal print stand embossing machine for metal plates

Product description

Application range

- Stand embossing machine for metal plates
- SP Metallprint is a manually operated machine for embossing metal plates quickly and easily. The device is particularly suitable for batch production with changing data and different type plates. The sign is clamped and the desired characters are set on the embossing wheel, visible in front of the device. The adjustable automatic feed of the work table ensures that the correct distances are achieved between the characters.

Benefits

- Easy to handle
- One or two-hand operation
- Small and space-saving for narrow available space

Product features

- Lettering sizes: 2, 3, 4, 5 mm (replaceable embossing wheels)
- Character set: uppercase A-Z, numbers 0-9, characters +/-,
- Max. label size: 140 x 90 mm
- Pressure limit for uniform embossing depth
- Adjustable stop through terminal strip

Included

- Embossing machine incl. embossing wheel for selected font size.
- Blank markers: 50 markers/PU
