

12x assorted color coded pigtails with various types of connectors (LC, ST, LC) with Singlemode OS2 and Multimode OM1, OM2, OM3, OM4 fibres

- J-VH 1G/E
- Pre-terminated tight-buffered simplex cable with one durable ceramic ferrule

## Product description

### Application range

- For indoor use
- Connection to an end optical device

### Benefits

- Ease of installation and assembly
- Create a direct plug connection for installation cables with splicing
- Zero electromagnetic interference as the cable contains no metal

### Product Make-up

- Tight-buffered simplex fibre with LSZH outer sheath
- Connector: LC, SC or ST
- Colour-coded primary and secondary coatings
- Standard length: 2 m

## Product features

- Flame-retardant and halogen-free outer sheath
- High flexibility
- Cable termination with durable ceramic ferrules
- Set consisting of 12 colour-coded pigtails

## Technical Data

Optical fibre type

Core material: glass

Temperature range

Cladding material: glass

Fixed installation: -20°C to +60°C

Occasional flexing: -5°C to +50°C

Permissible tensile force

Fixed installation: 100 N
