

Highly flexible servomotor and sensor cables that are designed for use in power chains; 100% compatible with SIEMENS® systems; The oil-resistant PUR sheath enables usage in industrial environments

Product description

Application range

- Plant engineering
- Servo drives and servo assemblies

Benefits

- Highly flexible servomotor and sensor cables that are designed for use in power chains
- 100% compatible with SIEMENS® systems
- The oil-resistant PUR sheath enables usage in industrial environments

Product Make-up

- Extra-fine strand made of copper wires:
 - > Signal cables: tinned
 - > Power cables: bare
- Design according to SIEMENS® standard 6FX 8002
- PUR outer sheath

- Signal cables: green (RAL 6018)
- Servo cable: orange (RAL 2003)

Product Make-up

- Other versions and lengths can be delivered upon request.

Note

- Please comply with the assembly guidelines for cables in power chain systems.
- Maximum cable length must comply with the specifications set by the manufacturer of the respective servo drives
- The technical data correspond to the cables used

Product features

- Abrasion and cut-resistant, halogen-free, oil-resistant
