

Stranded hook-up wire with telecommunication conductor and coloured stripes

- PVC control hook-up wire
- Favourable
- Twin-colour spiralized PVC

Product description

Application range

- Stranded hook-up wires for wiring of telecommunication devices and electronic components within devices

Product Make-up

- Stranded copper wire
- Core insulation: PVC-based YI 2/TI 2 acc. VDE 0207-4
- Labelled with coloured stripes

Norm references / Approvals

- Based on VDE 0812

Product features

- Flame-retardant according IEC 60332-1-2
- Spool: d1 = 18 mm; d2 = 150 mm; b = 85 mm

Technical Data

Peak operating voltage	900 V (0.25 sq.mm)
Conductor stranding	0.25 mm ² : ? 14 strands (each with 0.15 mm Ø)
Test voltage	2500 V (0.25 mm ²)
Temperature range	Fixed installation: -30°C to +70°C
