

Space-saving application; For high mechanical stress; High tensile strength; Corrosion-resistant

- Space-saving due to compact dimensions

## Product description

### Application range

- In combination with protective conduit:
- SILVYN® HTDL/EF/OR/HCX/HFX/FG HIPROJACKET
- Mechanical engineering
- Railway applications

### Benefits

- Space-saving application
- For high mechanical stress
- High tensile strength
- Corrosion-resistant

### Product Make-up

- Metric connection thread

- Hexagonal collar
- Threaded sleeve
- Cap nut

## Technical Data

On request  
Material

With 45° elbow  
Body: nickel-plated brass  
Sealing: polyamide  
O-ring: NBR  
IP 67  
-45°C to +105°C
