

Space-saving application; For high mechanical stress; High tensile strength; Corrosion-resistant

- Space-saving due to compact dimensions

Product description

Application range

- In combination with protective conduit:
- SILVYN® HTDL/EF/OR/HCX/HFX/FG HIPROJACKET
- Mechanical engineering
- Railway applications

Benefits

- Space-saving application
- For high mechanical stress
- High tensile strength
- Corrosion-resistant

Product Make-up

- PG connection thread

- Hexagonal collar
- Threaded sleeve
- Cap nut

Technical Data

Material

Body: nickel-plated brass

Sealing: polyamide

O-ring: NBR

Protection rating

IP 67

Temperature range

-45°C to +105°C
