

Protects against liquids; High-tensile; High crush-resistance; Suitable for outdoor use and direct burial; High mechanical resistance

## Product description

### Application range

- Mechanical engineering
- Plant engineering
- Outdoors
- Used in areas where liquids are present
- Applications with high mechanical stress

### Benefits

- Protects against liquids
- High-tensile
- High crush-resistance
- Suitable for outdoor use and direct burial
- High mechanical resistance

### Product Make-up

- Spirally-wound metal protective conduit with roughened profile
- PVC sheath

## Technical Data

Norm references / Approvals

Colour delivered

Material

Temperature range

IEC EN 61386-23

Black (RAL 9005), UV-resistant

Inner conduit: steel, galvanised

Outer sheath: PVC

-15°C to +70°C
