

High tensile strength; For high mechanical stress; High chemical-resistance

Product description

Application range

- In combination with protective conduit
- SILVYN® UI 511
- Offshore applications
- Outdoors
- Steel industry

Benefits

- High tensile strength
- For high mechanical stress
- High chemical-resistance

Product Make-up

- Metric connection thread
- Hexagonal collar
- Threaded sleeve

- Cap nut

Note

- On request
- 45° elbow version SILVYN® UI 511-HW
- 90° elbow version SILVYN® UI 511-W
- With PG thread

Product features

- Nickel-plated brass

Technical Data

Material

UI511-G: nickel-plated brass
UI511-EG: AISI 303, DW no. 1.4305

Temperature range

O-ring: NBR
-45°C to +105°C
