

Fast assembly; Easy to assemble; Cost-effective conduit gland; No loose parts; New space-saving design

- extremely economical
- 90° elbow allows easy installation
- New purchasing unit

Product description

Application range

- Mechanical engineering
- Control cabinet manufacturing
- Moving applications
- Applications with limited space
- Building Installation

Benefits

- Fast assembly
- Easy to assemble
- Cost-effective conduit gland
- No loose parts
- New space-saving design

Product Make-up

- Connection thread metric/PG
- 90° elbow
- Special clamping system

Note

- Removeable with a screwdriver

Product features

- In black colour UV-resistant and weather-proofed
- One-piece slim design
- Halogen and cadmium-free
