

Fast and easy assembly; Subsequent mountable conduit insertion

Product description

Application range

- In combination with protective conduit:
- SILVYN® SPLIT
- Mechanical engineering
- Electrical industry
- Used in areas where cables and wires need to be protected after assembly

Benefits

- Fast and easy assembly
- Subsequent mountable conduit insertion

Note

- UV-resistant and weather-resistant

Product features

- Included: divisible counter nut

Technical Data

Colour delivered	Black (RAL 9005), UV-resistant
Material	Halogen-free PA
Temperature range	-40°C to +120°C
