

Enables the use of cable glands with smaller connection threads than the existing threaded holes; With guide notch for O-ring; Assembling with a wrench

Product description

Application range

- Equipment group II / Category 2G+1D
- Devices, machines and apparatus
- For mobile applications in offshore and marine industries
- Chemical and petrochemical industry

Benefits

- Enables the use of cable glands with smaller connection threads than the existing threaded holes
- With guide notch for O-ring
- Assembling with a wrench

Product Make-up

- Metric connection thread acc. to EN 50262

Technical Data

Approvals

CE 0637 Ex II 2G

Classification	Ex eb IIC Ex II 1D Ex ta IIIC IECEX IBE 13.0028X ETIM 5.0 Class-ID: EC000441
Material	ETIM 5.0 Class-Description: cable screw gland Body: nickel-plated brass O-ring: NBR
Temperature range	-30°C to +90°C
